Phone @ Email <https://www.linkedin.com/in/durai-arasu-33991b252/> Coimbatore

## EXPERIENCE

### Student

KPR Institute of Engineering and Technology 11/2022 - Present  
Coimbatore, Tamil Nadu, India

#### Company Description

- Member of CSE Dept Club & conducted many Events

## SUMMARY

I'm a dedicated developer and an NCC cadet, passionate about creating digital solutions that bridge real-world gaps and make a positive impact. My recent work includes building an app to connect farmers directly with consumers, supporting sustainable food distribution and local economies. I bring strong skills in modern technologies like Java ,Python ,Html ,CSS with a focus on building scalable, user-friendly, and secure applications. Driven by a commitment to innovation, community, and teamwork, I strive to design solutions that are both impactful and accessible.

## EDUCATION

### Degree and Field of Study

KPR Institute of Engineering and Technology  
11/2022 - Present

## LANGUAGES

Tamil Native  Hindi Intermediate

English Proficient

## ADDITIONAL SKILLS

PYTHON • JAVA • REACT • HTML&CSS • C

## CERTIFICATION

### Business Analysis & Process Management

Coursera

## STRENGTHS

### Technical proficiency

Skilled in creating scalable applications using modern technologies.

### Innovative thinker

Committed to designing impactful and accessible solutions.

### Community focused

Experienced in building apps that support local economies.

### Team player

Dedicated member of teams with strong collaboration skills.

## SKILLS

### LEADERSHIP • PROBLEMSOLVING •

### CALM UNDER STRESS • ADAPTABILITY

## PROJECTS

### GARDO

07/2024 - Present Coimbatore, India

#### GARDO

- The app is designed to directly connect farmers with consumers, removing the need for middlemen and providing a transparent marketplace. This platform allows farmers to sell their produce at fair prices, while consumers gain access to fresh, locally sourced products.
